CELEBRATING 70 YEARS OF CENTURY FEDERAL

This year. 2018. marks the 70th anniversary of Century Federal Credit Union. Our staff is excited to celebrate this achievement with the generations of members that the credit union has served.

We certainly wouldn't be the successful credit union we are today without the continued support and patronage of each and every one of our members. We plan to honor this milestone all year long with great member stories, colleagues and board members about how Century Federal has had a positive impact on their lives.

Our team works hard, every day, to ensure that our organization is providing our members with the exceptional service for which we are known. We also work diligently to continually provide our membership with a variety of products, services and member discounts that rival or surpass any other financial institution in the marketplace.

As the year goes on, please take this opportunity to learn more about what makes Century Federal the best credit union in Northeastern, Ohio.

2017 Annual Report

MESSAGE FROM CHAIRMAN OF THE BOARD

It gives me great pleasure to celebrate another successful year at Century Federal Credit Union! Since 2007, Century Federal has embarked on efforts to exceed members' expectations and to generate deeper relationships with every member. I believe that the additional efforts by our employees to exceed your expectations resulted in an impressive 80%, 10-year growth in our total assets and equity. With an equal increase in our total assets and total equity, our net worth to total assets remained strong at 9.31% which is well above the 7.0% threshold for well capitalized credit unions as established by our regulators. This impressive control growth speaks highly of your loyalty and trust in Century Federal to meet your financial needs.

In 2017, we opened an additional branch on Rockside Road in Independence with a drive-up ATM and later office hours of 6:00pm (Tuesday - Friday). In October, we launched our revamped website making it easy to use, locate products and services and your searches more reachable. In addition to our standard mortgage products, our lending department introduced a new low-cost, fixedrate 10 year mortgage that many members have already taken advantage of. We also expanded our offering for loan protection against unexpected events through our "Credit Life & Disability Insurance" products.

From the operation side, we purchased new lending software that integrated all the essential lending functions starting from the loan origination process, to decision support, and finally image capturing of the various documents, which will make your loan application process easier, guicker and more efficient.

The Board approved 20+ new Select Employee Groups (SEGs) throughout the year. The SEGs were from various industries: stemming from city employees such as employees of the "City of Maple Heights", and high-tech firms such as the employees of "IntelliNet" and "Vertical Knowledge", as well as employees of car dealerships such as "Serpentini Chevrolet" to name a few. These SEGs were deemed ideal to increase our membership base and hopefully attract younger members with diverse financial needs. In 2017, Century Federal had to rely on purchasing car loans from other credit unions to fill the gap between our member deposits and total loans.

The Century Federal family welcomed members from RTA Hayden FCU who voted in January of 2018 to merge with our credit union. The merger was mainly due to the regulatory burdens imposed indiscriminately on all credit unions small or large, affecting the smaller credit unions and forcing their mergers. In 2018, our main focus will be

on revamping our online banking system across all electronic platformers (e.g. PC, tablets, & phone) and increasing our VISA[®] portfolio in particular and our growth loans in general.

Finally, I hope that each of you will continue to make the most of your membership with us. Our employees are always here to answer your questions, offer advice or connect you with valuable resources.

Best Regards, Louis J. Ghosn

Chairman of the Board

TREASURER'S REPORT

As Century Federal Credit Union's Treasurer during 2017, I am pleased to report our 2017 financial summary. The year of 2017 was one of continued financial success for Century Federal Credit Union. The Credit Union's assets totaled \$386 million at year-end, an increase of \$10.6 million or 2.8% over the prior year. Net income for 2017 totaled \$1.18 million, a decrease of \$702,000 or 37.3% from the prior year. Each year, the Credit Union is required to reserve an amount for inherent and potential loss within the loan portfolio. During 2016, the Credit Union was not required to set this amount aside because of the overall improvement in the economy. The loan portfolio grew significantly during 2017, and we were required to provide additional reserves for these loans, despite our overall strong asset guality with credit losses totaling less than 1% of total loans. The difference in net income was directly attributable to this reserve requirement.

A primary measurement of the health of the Credit Union is the net worth to assets ratio. Net worth represents the total of net income earned over the past 69 years, less investment in the infrastructure of the Credit Union. NCUA considers a net worth ratio of 7.00% or above to be well capitalized. Our net worth ratio at December 31, 2017, was 9.31% compared to 9.26% at December 31, 2016. The Credit Union is careful to maintain a net worth ratio which allows us to provide our members with the products and services that improve their banking needs, while at the same time providing excellent rates and low fees.

Deposits for year-end 2017 totaled \$336 million, an increase of \$13.0 million over the previous year, mainly in Share Draft accounts and Term-Share Certificates. Dividends paid out

totaled \$1.62 million which included a year-end bonus. The Credit Union issued \$74.5 million in new loans which resulted in an overall net increase (after payments received) of \$12.8 million in the portfolio. The Credit Union was able to offer extremely competitive loan rates during 2017 despite a rise in the over-night borrowing rate by 0.75% beginning in March 2017.

We worked to control our expenses to help maintain low fees to our members. Annual operating expenses were 73% of gross income or 2.68% of total assets. These expenses totaled \$10.4 million for the year, an increase of \$1.2 million or 12.5% over the prior year. Century Federal Credit Union strives to provide its members with a financially strong credit union, one that can be counted on to serve them throughout their lifetime. This commitment requires continued investment. In 2017, we expanded our presence in the Greater Cleveland area with the opening of our new branch in Independence, Ohio. We also made several upgrades and improvements to our operating systems. The increases in our expenses were a result of the continued investment in personnel, systems, and structures that allow the Credit Union to keep pace with industry change and innovation to better serve our membership base. During 2017, we had the pleasure of serving over 26,000 members at 350+ Select Employee Groups (SEGs) throughout the Greater Cleveland area.

The 2017 year-end audit was contracted with Clifton Larson Allen, LLP, an independent auditing firm, to conduct the Credit Union's annual audit. Results of the audit indicate the financial statements present fairly the results of operations and financial position for the period, and no material weaknesses in internal control were reported. The comprehensive independent auditors report is available for members to review upon request at 216-535-3137.

The entire team at Century Federal Credit Union is committed to helping our members achieve financial health and success. Century Federal looks forward to serving you

and your family in 2018! Thank you for your continued loyalty and support!

Respectfully submitted, Kristina A. Beletic, CPA Treasurer
