Century Federal Credit Union Celebrates Grand Opening of Uptown Financial Center in University Circle

CLEVELAND, Ohio, August 5, 2026 – Century Federal Credit Union proudly celebrated the grand opening of its newest financial center at **11601 Euclid Avenue in Cleveland's Uptown District** today, marking another significant step in its mission to expand access to financial services and financial literacy throughout Northeast Ohio.

The ribbon-cutting brought together community leaders, residents, business partners, and local sports fans to commemorate the opening. The event highlighted Century Federal Credit Union's commitment to the surrounding community and its continued investment in one of Cleveland's most vibrant neighborhoods.

Adding excitement to the event, attendees had the opportunity to meet **Cleveland Guardians infielder Brayan Rocchio** during a special autograph signing. Fan favorites **Sully from the Cleveland Monsters** and **Sir C.C. from the Cleveland Cavaliers** were also on hand, creating a festive atmosphere for everyone.

As the “**Official Credit Union**” of the **Cleveland Cavaliers, Cleveland Monsters, and Cleveland Guardians**, Century FCU continues to leverage its partnerships to strengthen community engagement and champion financial wellness initiatives across the region.

The Uptown Financial Center will serve as a welcoming space for banking services, financial education, and community outreach. Century now refers to its locations as financial centers to better reflect the supportive, relationship-focused experience members can expect—one centered on guidance, connection, and helping individuals and families feel confident about their financial futures.

"Opening our Uptown Financial Center represents more than just expanding our footprint. It's part of a broader commitment to invest in the communities we serve through greater access to trusted financial services, education, and meaningful partnerships," said Dave Wilde, President/CEO of Century Federal Credit Union. "As one of four new financial centers we're opening this year, the Uptown location reflects our new approach to bringing Century closer to our members and neighbors. We're proud to work alongside organizations like University Circle Inc. and our professional sports partners to help improve financial literacy across The Land and create opportunities for individuals, families, and communities to thrive."

The new Uptown Financial Center is designed to provide convenient access to financial services while supporting Century's ongoing mission of helping members build strong financial futures through education, guidance, and personalized service.

About Century Federal Credit Union

Founded in 1948, Century Federal Credit Union is one of Northeast Ohio's largest credit unions, serving members across the region with a full suite of personal and business financial services. As the Official Credit Union of the Cleveland Cavaliers, Cleveland Monsters, and Cleveland Guardians, Century is committed to delivering exceptional value, promoting financial literacy, and strengthening the communities it serves.
