Mobile Security Preferences Overview

Within Century Federal’s Mobile Banking app, you have the ability to set up security preferences that are not available on a desktop computer. These additional preferences make signing into Mobile Banking quick and easy but also adds an extra layer of security to your private information while you are on the go!

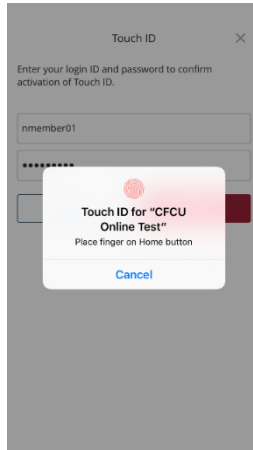

Enabling Touch ID or Fingerprint Login

Touch ID and Fingerprint Login are features that have fingerprint recognition technology that allows you to unlock your iOS or Android device. With this feature enabled, you can now easily and securely sign in to your Online Banking using Touch ID or Fingerprint Login on our mobile app!

In the **Settings** tab, tap **Security Preferences**.

1. Toggle the **Touch ID** or **Fingerprint Login** switch from “Off” to “On.”
2. Review the information about using fingerprint authentication and tap **Continue**.
3. Enter your login ID and password and tap **Authorize**.

NOTE: You must have Touch ID or Fingerprint enabled on your mobile device before enabling it through our Online Banking app.

Scan your fingerprint

- a. **iOS Device:** Place your finger on the Home button to enable Touch ID.
- b. **Android Device:** Place your finger on the fingerprint scanner to enable Fingerprint Login. Location of scanner varies from device to device.
