Alerts Overview

Having peace of mind is critical when it comes to your online banking experience. When you create an alert through Online Banking, you specify the conditions that trigger that alert, so you stay on top of what's important to you.

In the **Settings** tab, click **Alerts**.

- A. The "New Alert" drop-down lets you create a Date, Account, History or Online Transaction alert.
- B. The ^ icon allows you to collapse or expand alert details for each category.
- C. Toggling the "Enabled" switch turns an alert on or off without deleting it.
- D. The "Edit" link lets you make changes to existing alerts.

NOTE: All alerts are automatically sent through secure messages, but you can also choose to receive them via email, phone, or text message
