

Employees, members, visitors and others who have traveled internationally or to locations where community transmission of COVID-19 has been identified, or who have been exposed to individuals diagnosed with COVID-19, are asked to not come to CFCU offices and branches for a period of 14 days. We, of course, will continue to provide excellent service to our members via ATM, Online and Mobile Banking, Email, Website and Phone.

Any employee, member, visitor or other individual who answers yes to any of the following questions, or displays symptoms of illness, will be politely denied access and requested to leave the premises.

- Have you been in direct contact with anyone diagnosed with or presenting symptoms of COVID-19?
- Have you, within the last 14 days, traveled to or been in contact with others that have traveled to locations where community transmission of COVID-19 is identified?
- Do you have a fever, cough, difficulty breathing or other flu-like symptoms?

Refusal to cooperate with these procedures or answer questions about travel or potential exposure may subject the individual to denial of access and may be asked to leave the property immediately.

We truly appreciate your support with these safety measures during these trying times.

For questions or concerns, you are welcome to call our Member Service Center at 216-535-3200.
